

FROM THE DESK OF:

DAVID L. SARTORI

8th District Newsletter

August 2017

Dear residents of the 8th District,

I hope you are having a wonderful summer, and are gearing up to take part in some of the many festivities available this time year. Now is the time to get outdoors! As always, it is a privilege to serve as your county supervisor, and feel free to contact me at any time with your thoughts, questions, or concerns. I look forward to hearing from you!

Blessings,

David

*Please remember
when it comes to
County issues, I'm a
phone call away.*

Milwaukee Comedy Festival

Aug. 1-6

festival.milwaukeecomedy.com

Who's not in need of a good laugh these days? Luckily, the Milwaukee Comedy Festival is coming back around for its annual visit, with performers ranging in experience and style – but all certain to hit your funny bone.

Wisconsin State Fair

Wisconsin State Fair Park

Aug. 3-13

wistatefair.com

It's that time of year again - the Wisconsin State Fair! For ten days, enjoy some classic cream puffs, fried Oreos and other tasty treats by the winners of the Golden Spork Awards. Then wear off all those calories by walking around the grounds, hopping on amusement park rides, watching endless fair competitions and listening to countless concerts – with this year's main stage entertainment including John Mellencamp, Kip Moore, Pentatonix, Alan Jackson and more.

Center Street Daze

Aug. 5

centerstreetdazefestival.com

This Riverwest Neighborhood festival is perfect for the whole family, featuring events such as car races, car shows, pool, dodgeball and pinball tournaments. The opportunities during one of the city's most eclectic days of the year are endless as you make your way down one of the city's most diverse neighborhood's main drags.

Waukesha Blues Fest

Naga-Waukee Park in Delafield

Aug. 11-12

waukeshabluesfest.com

Known as an "American Music and Art Festival," the festival features blues, R&B, soul, gospel and roots music mixed in with country and rock. In the past, the festival has seen the likes of Mavis Staples, James Hunter, John Mayall and many other nationally and internationally renowned musicians. This year you can see headliners Charlie Musselwhite and Ana Popovic.

Bronzeville Cultural and Arts Festival

Bronzeville

Aug. 12

milwaukee.gov/Bronzeville

The Bronzeville Cultural and Arts Festival – taking place in the middle of Bronzeville Week in the early weeks of August – focuses on the historical and cultural importance of its iconic neighborhood, offering local art, dance performances, venues for social discussion, free health screenings and more.

Irish Fest
Henry Maier Festival Park
Aug. 17-20

irishfest.com

Don't miss the world's largest Irish music and culture celebration. The four-day family festival showcases more than 100 entertainment acts from all over the world, including over 30 Milwaukee groups, several local Irish dance groups and about 90 vendors selling Irish crafts and retail items will as well.

Milwaukee Journal Sentinel A La Carte
Milwaukee County Zoo
Aug. 17-20

milwaukeezoo.org/events

Head over to the Milwaukee County Zoo to "Feast with the Beasts," enjoying great food and live music as you explore the world's animal kingdom right here in Milwaukee. The kids will love it, but you're sure to love it too!

India Fest
Humboldt Park
Aug. 19

indiafestmilwaukee.org

India Fest might be one of the city's youngest festivals, throwing its inaugural edition in 2013, but it's also already one of Milwaukee's brightest summer festivals as well, featuring authentic food, dance, music and marketplaces.

Mexican Fiesta
Henry Maier Festival Park
Aug. 25-27

mexicanfiesta.org

Mexican Fiesta is a celebration of Mexico's rich history of art, music and food. Sample some wines, browse through an art gallery, participate in a golf tournament, participate the Fiesta Run and Walk or enjoy taco dinner. Also, take part in various contests such as salsa/bachata, dance, el grito, jalapeno eating and costumes. The Fiesta also provides a scholarship for some of Milwaukee's deserving Hispanic youth.

Car Seat Check-Up Event

**When:**

August 16th 2pm to 5pm

Where:

Oak Creek Fire Department
Station 3, 7000 S 6th St.
Oak Creek, WI 53154

Appointments:

Call 414-231-4896

Did you know that three out of four car seats are installed incorrectly? If you have not had your car seat checked by a certified Child Passenger Safety Technician now is your chance! We are hosting a community-wide check-up event on Wednesday August 16, 2017 at Fire Station 3. Everyone that transports a child should get their car seat checked including parents, caregivers, grandparents and babysitters.

Are you in need of a car seat? We also have car seats available for low-income families! Just let us know when making your appointment and we will have a seat ready for you upon arrival.

Call 414-231-4896 to schedule your appointment now! We will take drive-ins, but appointments will be seen first, so we highly encourage you to make an appointment. Hope to see you there!

Supervisor David L. Sartori to Attend 82nd National Association of Counties Conference in Columbus, OH

MILWAUKEE – This weekend County Supervisor David L. Sartori will meet with fellow elected officials and staff from county governments across the United States in Columbus, Ohio, at the 82nd annual National Conference and Exposition of the National Association of Counties (NACO).

At the conference Sartori will participate in issue based discussion groups with hundreds of elected officials from across the nation to learn best practices for addressing common policy challenges faced by county governments, and in participate crafting the NACO platform.

Supervisor Sartori is paying for his travel expenses and will represent Milwaukee County as an alternate voting delegate.

The NACO Annual Conference & Exposition draws a cross section of elected officials and county staff from across the country. Attendees from rural and urban counties, large and small budgets and staff – all come together for four days of education, networking and sessions aimed to help improve residents' lives and the efficiency of county government.

"I'm very excited to participate in this year's convening of the National Association of Counties, and looking forward to learning strategies for addressing issues that we all face. I want to make Milwaukee County a better place to live and work, and I'm eager to learn from my peers around the country and share my experiences as a Milwaukee County Supervisor," said Sartori.

The 2017 National Association of Counties annual conference will take place from July 21 to July 24 in Columbus, OH.

###

PACKARD AVENUE ROAD RECONSTRUCTION TO BEGIN SOON

The full road reconstruction of Packard Avenue between Cudahy Avenue and Lunham Avenue is expected to begin June 5th. Although property owners on Packard Avenue in Cudahy have received information about the project, we are also including property owners within a block of the project and along the detour route to get them better acquainted with the road closures, parking, and the detour route. This is typical for projects of this magnitude. The City of Cudahy met with the Contractor in order to finalize the schedule and coordinate efforts with the School Districts, the City of St. Francis, and Milwaukee County Transit. The following summarizes the latest information.

- **Schedule:** Vinton Construction Company was awarded the bid for the Packard Avenue reconstruction project. They plan to start work on **Monday June 5th** and, weather pending, expect to be finished the week of **August 21st**. This means that the detour and barricading will be set up starting on June 5th.
- **Closures & Detour Route:** The detour route will again be on Kingan Avenue from Plankinton Ave to Plainfield Ave. in St. Francis. Allerton and Lunham Avenue will remain open for cross traffic during the week of June 5th until school is out. **Starting June 12th, Packard Avenue will be completely closed, including the intersections of Allerton and Lunham.** A map of the detour has been attached.
- **The Milwaukee County Transit Bus route will be relocated to the dedicated detour route.** Please watch for signs noting bus stop and route changes.
- **Alleys are not meant to be used as detour routes.** Local traffic shall follow the posted detour routes along the side streets. The alleys are to be used only as access for property owners that live along the alley and for garbage and recycling pick up. Because the alley is a public right of way, the City cannot limit use of the alley by the public. However, vehicles due have to abide by traffic laws.
- **S. Kingan Ave. from E. Plankinton Ave. to E. Lunham Ave. will be posted NO PARKING along both sides of the street.** This street will be a dedicated detour route for duration of the project which necessitates a wider roadway width, therefore parking cannot be accommodated. The Residents that park on these blocks, shall use nearby blocks for overflow parking. Police department odd/even night parking restrictions still apply for surrounding blocks, unless noted otherwise. **E. Plainfield Avenue from S. Kingan Ave. to S. Packard Ave. will be posted NO PARKING along the north side of the street during the project.** This is to facilitate the bus detour. Buses are anticipated twice per day.
- **PARKING:** Because of the work on Packard Avenue, property owners that live along Packard in Cudahy will have no parking available to them on Packard Avenue during the next several months. In addition parking will not be available on the detour route – Kingan Avenue in Cudahy. This will require residents who normally park on these roadways to park on the side streets which will limit parking availability to all residents. Please be understanding.

WE Energies Project 2017

Investing in Infrastructure: WE Energies Project in South Milwaukee

Work is beginning in April on a WE Energies project to upgrade natural gas facilities in a number of neighborhoods in South Milwaukee.

The project to replace aging natural gas mains and laterals will affect more than 1,700 customers in the city, and could lead to brief gas outages and traffic impacts. Customers/property owners directly impacted by the project will receive a notice (mailing or door hanger) of work to be done in their neighborhoods.

Here is a project overview from WE Energies:

"We will begin upgrading natural gas facilities throughout areas of South Milwaukee soon. This work will allow us to continue to provide safe and reliable natural gas service to our customers. We expect to complete the work in stages by the end of 2017.

The work includes replacement of natural gas mains within the road right-of-way as well as service laterals to individual homes. Michels, our construction contractor, will complete the work on our behalf.

Our activities will require traffic control and excavation measures, which we are coordinating with the City of South Milwaukee. Construction staging may require the temporary removal of on-street parking in some areas to accommodate a work zone. There also will be intermittent impacts to pedestrian sidewalk access throughout the project.

We will contact impacted residents through letters and in-person visits in advance of work being performed to provide project details, review the timeline and answer questions.

We appreciate your understanding as our crews work to complete the project as safely and quickly as possible. Thank you for your cooperation."

Check out the full map of impacted neighborhoods [here](#).

Residents with specific questions may call the Project Representative from Michels Pipeline Construction, Savannah Christoffer-son, at 262-814-9051

2017 Community Survey

2017 COMMUNITY SURVEY ON PUBLIC SAFETY FUNDING

The City of South Milwaukee is evaluating several funding options to maintain the first-class fire and police services residents have come to expect.

A continuing decline in outside funding for paramedic services – especially funding from Milwaukee County – has created a significant budget gap that continues to grow. The City must take action if it is to preserve locally provided paramedic services into the future. The City has also identified a need for additional police officers to fulfill all of the department's response and preventative responsibilities.

The City solicited feedback via a community-wide survey to determine how best to proceed with future budget decisions. The survey results were presented to the common council on Tuesday, June 20. The complete survey results are available below.

Highlights from the presentation include:

- 1,351 residents responded to the survey.
- 88% of respondents indicated that maintaining the current level of emergency services is important to them and their families.
- Three-quarters of the respondents encouraged the City to explore additional funding options to maintain the current level of EMS services rather than reducing services to balance the budget.
- A majority of respondents support a referendum to increase local property taxes in order to maintain existing fire and emergency medical services and hire two additional police officers.

The common council will evaluate the community's feedback before making a final decision on whether or not to proceed with a referendum as part of the 2018 budget process. If a referendum is scheduled, it would likely be in early November. The [Assessment of Public Safety Funding Options](#).

Salt Storage Building Return on Investment Strategy

Background Information

Current storage facility	600 tons
Typical annual salt usage (5 year period)	1600 tons
Bad winters	2000 tons

City's facility did not pass DNR inspection and requires a \$20,000 pavement improvement to be DNR compliant.

City locks into a contract with the State of Wisconsin for salt in April of the prior year. You are obligated to take what you ordered even if you do not need it. So if it's a mild winter and you have surplus salt you have to find a place to store it or pay for storage at the Port of Milwaukee. If you do not order enough salt and you run out of salt you have to pay about 3 times the cost per ton to purchase the extra salt. Sometimes you are unable to get salt.

Proposed Salt Shed

Proposed Facility will house over 2000 tons of salt & provide covered & secure storage for the "salt body roll-offs".

	<u>2017 estimated cost</u>
Budget	(\$350,000)
Building	\$ 240,000
Engineering	\$ 39,400
Site Improvements	\$ 70,600

Analysis of Pay-back

Early fill instead of ordering it when needed saves about \$10/ton
(2000@\$10 = \$20,000)

Storage of salt on contract but not taken during the season requires storage at the harbor at \$120/ton

City averages 600 tons per year of excess salt during light winters such as in 2015-2016 & 2016-2017 (600 @ \$120) = \$72,000

So annual cost of lack of storage is \$72,000

Return on investment of salt shed is between 4 to 6 years based on an average winter.

If you were just looking at the return based on a one time early fill vs on demand deliveries you would be looking at 17 years. The salt shed has an estimated life of 60 years or more.

NEWaukee presents a progressive dinner and music event on the Seven Bridges trail within Grant Park. Guests will wander through the forest, sip and sample local food and beverages from South Milwaukee as they make their way to the beach to enjoy the beautiful views of Lake Michigan on a warm summer evening.

Tickets are \$25 each and include five food and beer samples. A cash bar will be available on the beach at the end of the trail.

For just \$25 you will be treated to:

- Illuminated night hike down to Lake Michigan
- 5 food sampling stations from local restaurants
- 5 beer/beverage sampling stations
- Pop up live acoustic music
- Awaiting you will be a good old fashioned beach BBQ with live music, brews, and bonfires

To sample food & beer there is a \$25 ticket. If you want to experience the night hike and not sample food or beer there is no charge to attend. Beer and other beverages will be for sale.

Participating Restaurants:

- Skyline Catering
- The Tap Room
- Emerald City Catering
- Scrappy's BBQ

More coming soon!

Thank you to our partners:

- Friends of Grant Park
- South Milwaukee Chamber of Commerce

Collaborative Community Youth Musicals presents GODSPELL

Godspell was the first major musical theatre offering from three-time Grammy and Academy Award winner, Stephen Schwartz (*Wicked*, *Pippin*, *Children of Eden*); and it took the world by storm.

Led by the international hit, “Day by Day,” *Godspell* features a parade of beloved songs, including “Prepare Ye the Way of the Lord,” “Learn Your Lessons Well,” “All for the Best,” “All Good Gifts,” “Turn Back, O Man” and “By My Side.” A small group of people help Jesus Christ tell different parables by using a wide variety of games, storytelling techniques and a hefty dose of comic timing. An eclectic blend of songs, ranging in style from pop to vaudeville, is employed as the story of Jesus’ life dances across the stage. Dissolving hauntingly into the Last Supper and the Crucifixion, Jesus’ messages of kindness, tolerance and love come vibrantly to life.

Performance dates and times: August 10, 11, 12 at 7:00 pm, August 13 at 1:00 pm. Tickets are \$10 plus a \$1 processing fee.
